SUMMARY

I am a motivated Bachelor of Technology student specializing in Computer Science, skilled in web development using technologies such as React.js and Node.js. I focus on creating seamless user experiences through my projects, including a full-stack clone of the Zerodha website and a real-time currency converter. With a solid foundation in programming languages and tools, I am eager to apply my technical skills and learn in practical environments

EDUCATION

Bachelor of Technology

Ajay Kumar Garg Engineering College

08/2022 - 06/2026 Ghaziabad

Senior Secondary

Sacred Heart Convent School

04/2021 - 04/2021 Chandausi

Matriculation

Sacred Heart Convent School

04/2019 - 04/2019 Chandausi

SKILLS

HTML CSS JavaScript Tailwind Git GitHub Java Data Structures OOPs React

Node.js Express.js Visual Studio Code

PROJECTS

Zerodha Clone

Zerodha Frontend Clone | React.js, Tailwind CSS

- Developed a **pixel-perfect frontend clone** of Zerodha's trading platform (Kite) using React.
- Designed a **responsive layout** with Tailwind CSS for desktop and mobile.

Currency Converter

Real-Time Currency Converter

- Developed a Currency Converter using ReactJS with JSX, Tailwind CSS, and JavaScript
- Integrated live currency exchange API for real-time conversions
- Designed responsive UI with Tailwind CSS and dynamic functionality
- Utilized React Hooks for state management and dynamic updates

TODO LIST

To-Do List Application | MongoDB, Express.js, Node.js, HTML, CSS, JavaScript

- Built a **full-stack To-Do List app** with CRUD functionality (Create, Read, Update, Delete tasks).
- Designed a **RESTful backend API** using Node.js & Express, connected to **MongoDB** for persistent storage.
- Implemented features like **task creation, due dates, priority levels, and completion status**.
- Created a **responsive UI** using HTML, CSS, and vanilla JavaScript for smooth user experience.

CERTIFICATION & COURSES
